

## FLUOROSCOPIC PROCEDURES AND THE STUDENT

Radiologic technology students shall not independently perform diagnostic fluoroscopic procedures.

Responsibility: Students, Supervising Technologist

Standard: Radiation Protection

JRCERT 2021 Radiography Standard(s): 5.4

---

Students may operate the fluoroscopy unit for patient procedures only under the direct supervision of an appropriately licensed medical practitioner who has privileges to direct fluoroscopy.

During any fluoroscopy exam or procedure, students are required to wear appropriate radiation protective wear.

During any fluoroscopy exam or procedure, a radiation monitoring device shall be worn by the student at the collar level on the anterior surface of the body and outside the radiation protection apparel.
